WORK EXPERIENCE

NEURONY SOLUTIONS – BUCURESTI, ROMANIA

SOFTWARE DEVELOPER – 03/2023 – 02/2025

Projects & Experience with Vue.js, Laravel, and Low-Code Tools
Waste Management Optimization Platform
- Built a process optimization platform for a waste sorting and treatment facility.
- Used **Airtable**, **Make**, **miniextension**, and **Zapier** to automate workflows, manage real-time data, and create decision-support dashboards.
- Delivered measurable efficiency improvements by streamlining manual operations through automation.
- Integrated G**raphQL APIs** within **Vue.js** applications to fetch and manage dynamic data efficiently.

LLM & OCR-Powered MVP for Construction Sector
- Developed an MVP leveraging **LLMs**, **AI**, and **OCR** to extract and validate data from construction documents (invoices, permits).
- Implemented a document-matching system to reduce manual errors.
- Developed using **Laravel, Filament** to ensure performance and scalability.

HR Tech Platform
- Contributed to an internal HR outsourcing tool aimed at streamlining recruitment and client communication.
- Built key components using **Laravel** and **Vue.js**, including:
    - A searchable **candidate database** with advanced parsing.
    - Dedicated **client/recruiter portals** for collaboration.
    - **Calendly** integration for automated interview scheduling.
- Automated multiple flows with **Airtable**, **Make**, and **Zapier**.

- Candidate Database: Structured and implemented a system for efficient data entry and parsing.

- Client and Recruiter Portals: Supported the creation of dedicated portals for seamless interaction between clients and recruiters.

- Automated Scheduling: Integrated Calendly to enable automatic interview scheduling.

Branded CV Generator:
Designed a CV Generator using **Laravel , Make and LLM (openAi**) to generate customized, company-branded CVs tailored to recruiter and client needs.

These contributions collectively enhanced recruiter efficiency and improved overall client satisfaction.

- **Oracle Apex Learning and Training**

Skills and Expertise
- Collaborative Development: Experienced in working as part of diverse teams to deliver technical solutions.
- Low-Code Mastery: Skilled in designing and implementing complex workflows and platforms using **Airtable, Make** and **Zapier**.
- PHP and JS Development: Proficient in building and maintaining **PHP(Laravel + Vue.js)** applications as part of a development team.
- AI Integration: Hands-on experience with AI-driven solutions, including OCR, document parsing, and LLM-based automation.
- Process Automation: Adept at contributing to the automation of manual tasks, streamlining workflows, and improving operational efficiency.

I.G.S.U – BRAILA, ROMANIA

FIREFIGHTER – 15/08/2017 – 05/2023

The firefighter servant is part of the intervention, rescue, and first aid teams within volunteer/private emergency services, aimed at protecting life, public and/or private property against fires and other calamities.

▥ CENTYSO – CONSTANTA, ROMANIA
SOFTWARE DEVELOPER – 04/2020 – 12/2020

Development for the Orca Application
Orca Shop

- Worked on the **backend** of the Orca application using technologies such as **Google Firebase** (Functions, Authentication, Realtime Database, Firestore), **Airtable**, **Flowdash**, and **Integromat**.
- Implemented Firebase features using **Node.js** to ensure efficient and scalable functionality.
- Also contributed to the **frontend** using **React.js**, integrating it with backend services to deliver a seamless user experience.

EDUCATION AND TRAINING

10/2018 – 05/2021 Constanta, Romania
BACHELOR'S DEGREE IN COMPUTER SCIENCE Ovidius University, Faculty of Mathematics and Computer Science, Specialization in Computer Science

Core Disciplines:
- Functional Programming
- Object-Oriented Programming
- Software Engineering
- Databases
- Computer Networks
- Artificial Intelligence

Address Bd. Mamaia 124, 900527, Constanta, Romania ⎮ **Website** https://fmi.univ-ovidius.ro/en/

Dragos Musetescu CTO at Neurony Solutions

- Cristian has shown remarkable professional growth during his time at **Neurony Solutions**. He quickly transitioned from working with low-code tools like **Airtable**, **Make**, and **Zapier**, to mastering full-stack technologies such as **PHP (Laravel)**, **VueJS**, and **Livewire**.

- His adaptability, attention to detail, and collaborative spirit have consistently stood out in every project. Cristian has demonstrated an excellent ability to learn new technologies rapidly and contribute effectively to team success. I am confident that he will bring significant value to any team he joins.

— **Dragos Musetescu**, Chief Technology Officer, Neurony Solutions
Full recommendation available upon request.

VOLUNTEERING

01/04/2019 – 25/05/2019 Faculty of Mathematics and Computer Science, 124 Mamaia Boulevard, Constanța.
Promotion of the activities carried out within the Faculty of Mathematics and Computer Science at "Ovidius" University.

- **Participation in roundtable discussions with students, teachers, and faculty staff**, where information was presented regarding the activities carried out at the faculty and the results achieved by students.
- **Presentation of the faculty's educational offer** during counseling and guidance activities for high school students attending these meetings.
- **Promotional visits to high schools in Brăila County**, organized to promote the faculty's educational offerings.

COMMUNICATION AND INTERPERSONAL SKILLS

Social Skills and Competencies

I have developed strong social skills through academic projects and professional experience , where I collaborated effectively with teams to achieve common goals. I learned to communicate clearly, manage constructive feedback, and contribute to a productive work environment. My experience , working with both low-code and full-stack development teams, further honed my ability to collaborate across various roles, adapt to new technologies quickly, and support colleagues to ensure the success of projects.

- Fast Learning and Adaptability
- Full-Stack Development (PHP, Laravel, VueJS, Livewire)
- Attention to Detail
- Collaborative Team Player
- Professional Growth and Willingness to Learn
